## REDBRIDGE SAFEGUARDING ADULTS BOARD (RSAB)

### Priority Actions 2025 – 2026

The [RSAB Strategic Plan 2025 – 2028](#) has prioritised the following areas to achieve its strategic objectives:

**Safe services** The Board will make seek assurance that people can confidently expect to be safe and to have the support they need delivered in the way they want by all services which provide for people who are generally the most vulnerable in our community.

**Transition** Young people who have been supported by children's safeguarding services, as they move into adulthood, are faced with changes that can be challenging and unfamiliar for them and their families. It is important to ensure that young people and their families are supported through this transition period.

**Informing** The Board will work to ensure' that all professionals, volunteer, and communities are aware of adult abuse; what it is and how to recognise it. Individuals will know who to contact if they have concerns about someone who may be harmed.

**Listening and engaging** The Board will ensure partners listen to the views of people and their families, so that we were sure that people are being treated with dignity and respect. Making Safeguarding Personal (MSP) will underpin all adult safeguarding work.

**Partnership** Maintain and strengthen strong links with the strategic forums in Redbridge to work together at every level to safeguard our communities and improve their health and wellbeing.

Aligned to the areas above, the following priorities have been identified for 2025 – 2026. Updates on each of these will be presented at the quarterly RSAB meetings.
